Distributors of Electric Power in Africa (UPDEA)

Save the Date!

6th annual German-African Energy Forum

22nd-25th April 2012, Hamburg & Hanover, Germany

The German-African Energy Forum is the central platform for German-African energy issues, ranging from oil and gas to power, renewable energies and energy efficiency. Main topics of the forum will be the potentials of the African energy market and the German-African energy cooperation. The Afrika-Verein (German-African Business Association) will continue focusing on these developments and will host the 6th annual German-African Energy Forum in Hamburg and Hanover, from 22nd-25th April 2012.

The forum will take place under the patronage of the Federal German Ministry of Economics and Technology. Cooperation partners are the Federal Foreign Office, the African Petroleum Producers Association (APPA), the Hamburg Chamber of Commerce, the Hannover Messe and the Union of Producers, Transporters and Distributors of Electric Power in Africa (UPDEA).

In 2011, 450 high-level participants from more than 30 African countries, Germany and Europe attended the event. In 2012, we expect more than 500 African and German public and private participants, from politics, industries, consulting, finance and various institutions. The forum will centre the following topics (for more details see draft programme at www.energyafrica.de » Programme):

- Oil: Upstream, Downstream & Marketing
- *New: Gas-to-Power in Africa: Natural and Flared Gas – Upstream and Gas-to-Power*
- Power Production and Distribution: Conventional and Renewable Energies (Wind, Solar, Biomass, Hydro)
- Energy Efficiency
- Finance and Insurance of African energy projects
- Securing Energy Business
- *New: Energy & Training*

On the last day of the forum, we offer a full day visit to the Hannover Messe, the world's largest energy and industrial equipment exhibition (www.hannovermesse.de). This visit will take place on April 25th, and includes a panel discussion on "Energy Market Africa" for delegates and exhibitors.

For further information please consult www.energyafrica.de, or contact Mr. Oliver Modersohn, Director Project Management, Tel: +49-40 41 91 33-18, eMail: modersohn@afrikaverein.de.
